# ULIMA and UQ Double Degree options

## Options for students partway through their Program\*

\*Students must have successfully completed a minimum of five semesters at ULIMA in order to transfer to UQ with credit transfer. At UQ, students must undertake a minimum of 12 courses within their chosen program. Students will then be required to return home to complete their final ULIMA studies in order to successfully transfer any final courses of credit towards the UQ BEL Faculty degree. \*\*While matching of the UQ and ULIMA degrees is done with care, not all courses required by each institution will mean a final one year duration back home. Advice will be provided to you for your personalised study plan.
